Legacy | For the Man Who Hated Christmas

FOR THE MAN WHO HATED CHRISTMAS | by Nancy W. Gavin

It's just a small, white envelope stuck among the branches of our Christmas tree. No name, no identification, no inscription. It has peeked through the branches of our tree for the past ten years or so.

It all began because my husband Mike hated Christmas—oh, not the true meaning of Christmas, but the commercial aspects of it—overspending... the frantic running around at the last minute to get a tie for Uncle Harry and the dusting powder for Grandma...the gifts given in desperation because you couldn't think of anything else.

Knowing he felt this way, I decided one year to bypass the usual shirts, sweaters, ties and so forth. I reached for something special just for Mike. The inspiration came in an unusual way. Our son Kevin, who was 12 that year, was wrestling at the junior level at the school he attended; and shortly before Christmas, there was a non-league match against a team sponsored by an inner-city church. These youngsters, dressed in sneakers so ragged that

shoestrings seemed to be the only thing holding them together, presented a sharp contrast to our boys in their spiffy blue and gold uniforms and sparkling new wrestling shoes. As the match began, I was alarmed to see that the other team was wrestling without headgear, a kind of light helmet designed to protect a wrestler's ears. It was a luxury the ragtag team obviously could not afford. Well, we ended up walloping them. We took every weight class. And as each of their boys got up from the mat, he swaggered around in his tatters with false bravado, a kind of street pride that couldn't acknowledge defeat.

Mike, seated beside me, shook his head sadly, "I wish just one of them could have won," he said. "They have a lot of potential, but losing like this could take the heart right out of them." Mike loved kids - all kids - and he knew them, having coached little league football, baseball and lacrosse. That's when the idea for his present came. That afternoon, I went to a local sporting goods store and bought

an assortment of wrestling headgear and shoes and sent them anonymously to the inner-city church. On Christmas Eve, I placed the envelope on the tree, the note inside telling Mike what I had done and that this was his gift from me. His smile was the brightest thing about Christmas that year and in succeeding years. For each Christmas, I followed the tradition—one year sending a group of mentally handicapped youngsters to a hockey game, another year a check to a pair of elderly brothers whose home had burned to the ground the week before Christmas, and on and on.

The envelope became the highlight of our Christmas. It was always the last thing opened on Christmas morning and our children, ignoring their new toys, would stand with wide-eyed anticipation as their dad lifted the envelope from the tree to reveal its contents.

As the children grew, the toys gave way to more practical presents, but the envelope never lost its allure. The story doesn't end there.

You see, we lost Mike last year due to dreaded cancer. When Christmas rolled around, I was still so wrapped in grief that I barely got the tree up. But Christmas Eve found me placing

an envelope on the tree, and in the morning, it was joined by three more.

Each of our children, unbeknownst to the others, had placed an envelope on the tree for their dad. The tradition has grown and someday will expand even further with our grandchildren standing to take down the envelope.

Mike's spirit, like the Christmas spirit will always be with us.

This story was originally published in the December 14, 1982 issue of Woman's Day magazine. It was the first place winner out of thousands of entries in the magazine's "My Most Moving Holiday Tradition" contest in which readers were asked to share their favorite holiday tradition and the story behind it. The story inspired a family from Atlanta, Georgia to start The White Envelope Project and Giving101, a nonprofit organization dedicated to educating youth about the importance of giving.

Legacy | Giving From the Heart

When I first began my position at the Foundation, I received this touching story from a then current Board member—a kind and generous man. I shared the White Envelope Story with Kendra as I was preparing for our Holiday gathering the previous year. We knew the right time would come when I would be able to relay this powerful message. This story has been shared over the Internet and on social media and has reached millions of people over the years. Maybe some of you have heard it before and perhaps already adopted The White Envelope Project or a

variation of it into your family traditions.

We celebrated a wonderful year of philanthropy:

- We are especially proud of the gifts we have received through estate planning from donors including a recently established inherited IRA.
- We hosted a wildly successful Child Protection Summit this past August which featured many nationally known speakers and included more than 300 people in attendance.
- Our Youth in Philanthropy program is more than 100 high school students strong and our kick-off meeting was held this past November with seven school districts represented.
- Our gifts total more than 1.9 million dollars this year with 17 new funds established.
- A grand total of 2.5 million dollars in grants was distributed to 166 unique organizations and 130 students.
- We embraced the theme “Giving From the Heart” as we highlighted the White Envelope Project for our holiday gathering.

All this success was made possible by a prestigious group of philanthropic-minded friends who support the Foundation. Such friends include members of our Central Susquehanna Community Foundation Board and our affiliate Boards including Berwick Health & Wellness Fund, Danville, Selinsgrove, and Sunbury Area Community Foundations, as well as, all fundholders, donors, grantees, and other friends of the Foundation. In addition, CSCF is very lucky to have a team of talented and wonderful people that excel in contributing to the Foundation’s goals daily by generating synergy throughout the office.

The White Envelope story changed the course of one family’s Christmas—a time that could have been grief-filled and sad became a celebration of hope, a time for reaching out to others and a gift of love. One of our fundholder’s stated this year, “When you do something like this, you are creating a legacy. It doesn’t have anything to do with you personally, it has to do with a certain amount of kindness.” He continues, “What’s important is for others to follow—that would be the reward.”

Giving from the heart can bring about immense pleasure—take a moment and reflect on what is truly important to you and let it carry you through the year! Kendra and I are looking forward to a new year of working with our current fundholders, building new relationships, and continuing to increase grants to our communities in need. We are looking forward to all the wonderful opportunities 2017 will bestow upon us!

Investing with Cornerstone...

The Central Susquehanna Community Foundation investments are overseen by Cornerstone Advisors Asset Management, LLC of Bethlehem, PA. The Foundation's Finance and Audit Committee holds quarterly face-to-face meetings with Cornerstone to stay up-to-date on the investment portfolio.

Founded in 1997, Cornerstone has been representing individuals, corporations and foundations, helping them make critical decisions regarding the management of their wealth and capital. CAAM was named a Best Place to Work in Money Management for 2016 by Pensions&Investments, was recognized as the 81st largest consultant in worldwide institutional advisory assets by the same publication in 2016 and was listed as the top independent consultant in Barron's 2016 ranking. Cornerstone currently manages over \$5 billion of assets.

Cornerstone manages financial assets for clients who believe in its stewardship approach to doing business. Cornerstone's mission is to ensure that their clients are meeting the highest fiduciary standards; understand and responsibly manage risk; control overall costs; and drive performance and results.

Cornerstone seeks to achieve its mission by steadfast commitment to their seven Core Principles:

- alignment of interests
- transparency
- true open architecture
- innovative technology
- culture of achievement
- thought leadership
- commitment to client service

Cornerstone provides investment consulting and fiduciary services to people and organizations responsible for managing assets on behalf of others. The overall investment objective is to provide attractive risk-adjusted return relative to appropriate benchmarks. CAAM's clients include foundations and endowments, health care institutions, government entities, not-for-profits, retirement plans, corporations and others with assets in excess of \$25 million.

"The Community Foundation is making a difference through regional philanthropy and engaging partnerships. In 2016, we reached an important milestone of \$50 million in assets and continue to incorporate sound financial principles that ensure our funds are in perpetuity. We are grateful to all who support our mission as the Foundation's Legacy continues to enhance the quality of life for those who reside in the Central Susquehanna Valley."

Pay It Forward | KEVIN AND IVETTE TANRIBILIR SCHOLARSHIP FUND

The seed has been planted...

A new opportunity for local students with dreams to practice law is emerging with the establishment of the Kevin and Ivette Tanribilir Scholarship Fund. Kevin is a Berwick native, who opted to return to his hometown to establish his professional career and law practice, with the desire to provide legal services in the local community. He is committed to the area of law, and he and his wife want to make a difference in the lives of other young men and women who hope to someday be legal professionals.

This scholarship fund was a very natural decision for Kevin, due to the support he received upon his graduation from Berwick High School. As a senior in high school, Kevin was the recipient of a family scholarship fund, "Conway and Gertrude Dickson Scholarship," which was offered to graduates who hoped to pursue a legal career. During his time in college, Kevin was held accountable for his grades and merit, and he had to visit at least once per year with Gertrude Dickson to discuss his educational progress for the purpose of continuing to receive the scholarship.

During a recent visit with Kevin and Ivette, Kevin said, "Paying it forward is the right decision for us. We want to provide young men and women from our community with a similar opportunity to pursue a legal career by creating a scholarship fund that will hopefully act as a financial boost to accomplishing those dreams. As a former director on the Foundation's board, I've seen first-hand and second-hand the impact this type of fund can make in a young student's life. When you award a scholarship, you're also lifting that student up with a sense of confidence by believing in them."

The Tanribilirs know that by planting this seed, they can honor the past and ensure a vibrant tomorrow for young lives in our region. Thank you, Kevin and Ivette, for setting an example of "Paying it forward"!

"When you award a scholarship, you're also lifting that student up with a sense of confidence by believing in them."

Two third grade students from 14th and Orange Street schools. They faithfully met every Wednesday evening for almost two months to hear about Humphrey's adventures.

Grant Highlight

Berwick Area School District – One School, One Book **FOLLOW ME TO WEST BERWICK ELEMENTARY**

Through a grant provided by the Robert and Carol Foster Fund, in conjunction with the Berwick Health and Wellness Fund, the Berwick Area School District was able to offer an eight-week read-along of "Friendship According to Humphrey" ahead of the 2016-2017 school year. Third grade students and families from Orange Street Elementary and 14th Street Elementary schools were invited to this collaboration ahead of the opening of the West Berwick Elementary School in Fall 2016. Each week students and their families enjoyed a guest reader along with snacks and an activity built around a common theme found in the featured chapter.

Humphrey, the hamster

"The generous grant provided by the funds at Central Susquehanna Community Foundation enabled Berwick Area School District families to gather and enjoy literacy-related activities every Wednesday night in February and March 2016. Students and families had a positive and enjoyable experience and inquired about having another One School, One Book initiative for the next school year."

Darkness to Light – Regional Impact Fund GRANT PROVIDES CHILD ABUSE PREVENTION TRAININGS

Through a grant provided by the Foundation's Regional Impact Fund, Darkness to Light (D2L) workshops were administered in the month of August to 123 community members. Darkness to Light - Stewards of Children is an evidence-informed training program that teaches adults how to prevent, recognize, and react responsibly to child sexual abuse. Darkness to Light is a national nonprofit organization that provides individual, organizations, and communities with the tools to protect children from sexual abuse. August participants included school district personnel from Bloomsburg, Berwick, Millville, and Southern Columbia school districts, Susquehanna Valley CASA, and professionals working in child care.

Participants of the D2L workshop gain:

- Increased awareness of the prevalence, consequences, and circumstances of child sexual abuse
- New skills to help prevent, recognize, and react responsibly to child sexual abuse
- Motivation for positive change to organizational policies and procedures
- Individual empowerment through a personal prevention plan

"Because of this grant we have been able to provide training to many community members. Our hope is when faced with a decision about reporting abuse, each of these participants would speak up for a child. If one person does the right thing, then we have made a difference in a life."

Ann Dzwonchyk, Certified Darkness to Light Trainer, Educator,
Evangelical Community Hospital Community Health & Wellness

Through Central Susquehanna Community Foundation's grant funding, Darkness to Light trainings are provided by Evangelical Community Hospital Community Health & Wellness and Transitions of PA. For more information, contact cpangelinan@csgiving.org

Ann Dzwonchyk with Jim Holler at the Foundation's Child Protection Summit.

Scholarship Recipient | KAYLEE KACHURKA

Kaylee Kachurka, a graduate of Berwick Area Senior High School, was the recipient of two scholarships of the Central Susquehanna Community Foundation; the Berwick Health and Wellness Health Professions Scholarship and Walter and Florence Vorbleski Scholarship. Kaylee received both awards for three consecutive years beginning in 2014. Currently, Kaylee is a student in King's College, physician assistant program and is employed at Geisinger Medical Center in Danville.

"I will be forever grateful for this life changing opportunity and will continue to show my appreciation each day by offering my assistance to others."

Kaylee Kachurka speaking to Berwick area fundholder's on June 1, 2016 at Freas Farm Winery, Berwick.

Regionalism | VOLUNTEERS IN PHILANTHROPY

The mission of Volunteers in Philanthropy is to improve the quality of life for Berwick area residents. Their goals are enriching volunteerism and making meaningful grant investments. During the past several years, VIP members have participated in the following Berwick and surrounding area activities: Relay for Life, Christmas Parade, Foundation mailings, Berwick Retirement Village, Elmcroft, and Bonham Nursing Home. Poinsettia plants are delivered to Berwick Hospital Center patients as well as Christmas stockings for the holiday newborn babies. Their annual Golf Tournament fundraiser was held on Friday, May 27, 2016 at the Berwick Golf Club. Golf tournament proceeds support VIP's annual grantmaking and their charitable work in the community.

Benton Area School District GRANT FUNDS KINDERGARTEN KICKOFF PROGRAM

The Benton Area School District received a \$3,000 grant from the Berwick Health and Wellness Fund for their 2016 Kindergarten Kickoff program. The program is conducted in the summer, prior to the start of the new school year. Selected students experience an eight-day program where they are exposed to basic literature-based activities, basic math exercises, and tasks involving fine motor skills.

The Kindergarten Kickoff Program helps provide a smoother transition for students who may experience social and academic issues when starting kindergarten. By the end of the eight-day program, students show appropriate social interactions and have a better idea of what to expect at the start of kindergarten. The students also learn basic routines and have established a rapport with their teacher before the school year begins.

"As our school's principal and as a parent of a child at our elementary school, I have seen the positive impact this program has had on our children in Benton. At-risk kids too often fall behind in other school districts, causing problems to escalate in the future. Kindergarten Kickoff has allowed these children to maintain success at the kindergarten level so a better learning experience is realized."

Robert Cashman, L.R. Appleman School Principal

Kindergarten Kickoff students participate in literature-based activities at the L.R. Appleman Elementary School in Benton.

Eos Therapeutic Riding Center BARN EXPANSION PROJECT

The Eos Therapeutic Riding Center received a \$9,500 grant from the Berwick Health and Wellness Fund of the Central Susquehanna Community Foundation to support the center's Barn Expansion Project. This grant has increased the number of stalls for Tiny Mite and friends, added a new roof and gutter system, and enlarged the hay storage area. Eos provides therapeutic riding to people with special needs and veterans within a seven county area.

Debbie Smith, Eos Founder, stands with Cindy Karchner on Tiny Mite, as Central Susquehanna Community Foundation Staff, Holly Morrison, CEO, and Christine Pangelinan, Program Officer, present grant check.

Leaving a Legacy | ACKERMAN FAMILY FUND

The Central Susquehanna Community Foundation announces the establishment of a donor advised endowment fund by Pat and Ken Ackerman. The Ackerman Family Fund with the Danville Area Community Foundation will support nonprofit agencies and programs as directed by the family.

Fred Miller, M.D., Danville Area Community Foundation Chair, states, "We are extremely grateful for Ken and Pat's gift and thankful that their support serves as a reminder that the future strength of our community is dependent upon financial support of today's donors."

Pat and Ken Ackerman's legacy began more than sixty years ago, when they shared their life dream with each other as teenagers. They made the choice more than fifty years ago to relocate to the Danville area and establish their roots, where Ken served as President of the Geisinger Medical Center and Pat taught high school English in Milton and then Danville. They made their home in Danville while raising their three sons; F. Kenneth III, Robert Christian, and Peter Jonathan.

One known fact about the Ackerman Family was their demonstrated respect for others while giving wings to their boys by emphasizing the importance of scholarship, athletics and community. Pat and Ken always set an example for their children through service and philanthropy even while their boys were very young. Now married with children of their own, the legacy lives on in the communities where they reside as well as in their hometown of Danville.

Choosing a Donor Advised Fund provides the opportunity for the Ackerman Family to provide grants to the nonprofit agencies and the charitable causes for which they are most passionate. Pat and Ken along with their family are eager to begin this fund to forever make a difference in the town they chose to call home all those years ago. Their legacy will be for good, for ever.

"The Danville community is very special to Pat and me. Investing in this community is a family value that impacts all involved, the giver and those that receive," said Ken Ackerman.

"Investing in this community is a family value that impacts all involved, the giver and those that receive."

Grant Highlight

Danville Area Community Center GRANT FUNDS ENHANCEMENTS IN FACILITIES AND PROGRAMS

The Danville Area Community Center (DACC) has been very grateful to receive grants from multiple funds that have been established with the Danville Area Community Foundation (DACF).

The DACC serves community members of every age, every ability level, and every income level. In December, our center will celebrate its 30th year of Fitness, Friends, and Fun. DACF grants have provided funding to upgrade our facility's pool filtration system, to purchase equipment, and to establish new programs.

Grant funding has been instrumental in assisting the DACC in reaching out to those whose family budgets do not include dollars for community center membership. However, even more important than providing membership is providing the opportunity for adults and children to learn to swim. Thank you for helping the DACC work to accomplish our goal of teaching every child and adult in our community to swim - for fitness, for safety, and for fun.

Jean Knouse, who recently celebrated her 25th anniversary as the DACC's Executive Director, believes that community centers and facilities like them provide an opportunity for individuals and families to connect with others at a place in the community that includes friends from your neighborhood, your children's schools, your place of worship, your job. It is a place to disconnect from the hectic world of electronics. Everyone needs to be able to go someplace at the end of a school day or workday or on the weekend and be part of a larger community of people who value "fitness, friends, and fun."

The climbing wall in the pool area at the DACC is fun for all who visit.

*"Community is what we
are all about..."*

Perpetuity | SELINGROVE COMMONS AGENCY ENDOWMENT FUND

Nearly 20 years ago, a dedicated and passionate group of volunteer leaders, residents and business owners worked tirelessly to see the Selinsgrove Commons become a beautiful community space which is a gateway to the town and the Central Susquehanna Valley. For many, the Commons has been a true labor of love, built with time, talent and persistence. Because of everyone's incredible support, the Commons was completed without debt making it a place for all to enjoy many activities like summer music concerts, the Farmers' Market, Selinsgrove Street Fair, White Christmas activities, and just an inviting location to enjoy conversation with a friend.

Their next step was planning for perpetual maintenance and care including seasonal plantings, routine maintenance, replacement or repair of structures and future development. The Selinsgrove Commons Trust Fund Committee began looking for a trusted way to invest in its future and turned toward the Selinsgrove Area Community Foundation to create an Agency Endowment Fund.

Agency Endowment Funds allow nonprofit organizations to focus on their mission while the Foundation provides administrative support and offers an easy way for individuals to make charitable contributions to the organization. The Fund's assets are then pooled together with all other Central Susquehanna Community Foundation's funds to achieve a greater return. Following the Foundation's spending policy, a percentage of the Fund's balance is granted to them annually to support their work, while protecting the Fund's perpetuity.

"The Selinsgrove Commons Committee is grateful for the ongoing partnership with the Selinsgrove Area Community Foundation. This endowment will enable us to continue to beautify one of Selinsgrove's most vital downtown and community assets. We are near our goal of raising \$100,000, and are very grateful for the support of individuals and families," said Joe Kleinbauer, Committee Chair.

"This endowment will enable us to continue to beautify one of Selinsgrove's most vital downtown and community assets."

The ARC - Susquehanna Valley GRANT SUPPORTS PRE-VOCATIONAL WORKSHOP SERIES

"Through the generosity of the Selinsgrove Area Community Foundation, The Arc - Susquehanna Valley was able to offer a 13-week pre-vocational workshop series titled "Born to Achieve and Believe: Ignite Your Potential."

The focus of the series was to give self-advocates the skills necessary to find and maintain appropriate, gainful employment. Participants gained relevant work experience by volunteering in local businesses and organizations. The workshops were designed to help the participants identify their area of interest in employment, identify their skills, abilities, likes and dislikes, and help them find jobs to match their skills and interests.

Highlights of the week included:

- Teaching a young man with a speech impairment to use the iPad "Speak It" app. He has been able to use the app in a recent job interview.
- All participants getting an opportunity to expand their world view, meet new people, and discover new businesses.
- A participant having a job interview at Dick's.
- An offer of employment from a local daycare.
- An offer of employment from a local nonprofit.

Linda Culver

Scholarship Recipient | KAITLIN GILL

Kaitlin Gill, a graduate of Selinsgrove High School, has received multi-year scholarships through the Selinsgrove Area Community Foundation and the Sunbury Area Community Foundation. The Selinsgrove Area Community Foundation awarded Kaitlin with a four-year scholarship from the Selinsgrove Area Community Foundation/Rotary Scholarship and the Sunbury Area Community Foundation awarded Kaitlin the Sunbury Area Community Foundation Health Professions Scholarship, also for four years.

Kaitlin attended Messiah College in Mechanicsburg, Pennsylvania, where she earned a Bachelor of Arts in Nutrition Science in May of 2015. In June of 2016, Kaitlin completed her dietetic internship at Geisinger Medical Center and began her new position as Community Hospital Graduate Dietitian at Geisinger Shamokin Area Community Hospital.

"There is a legacy that you all are a part of and it is very inspiring to me. I am thrilled to give back and invest in the community that has provided many opportunities to me."

Kaitlin Gill speaking at a grantee and fundholder breakfast for the Selinsgrove Area Community Foundation on June 16, 2016, at Susquehanna University. Pictured to the right of Kaitlin is Dave Lawer, Selinsgrove Area Community Foundation board member.

COMMUNITY FOUNDATION

For good. For ever.®

& PHEAA

Our relationship with PHEAA continues to be an exciting bonus for Foundation scholarship recipients. For the fourth year, we are a proud partner with PHEAA's PATH Program (Partnerships for Access to Higher Education) which offers additional scholarship money to qualifying students attending a Pennsylvania School of Higher Education. The scholarships awarded, through your generosity, have the potential to be matched by PATH. During the 2015/2016 school year, 31 students who met the PATH requirements received an additional \$44,835 in total to support their education.

"The Foundation helps us understand the need in the community..."

Creating a Legacy | JESSE AND MAXINE WOODRING FUND

Jesse Woodring moved to the Sunbury area in 1962 for a business opportunity and he's continued to be connected with Sunbury for 54 years. Maxine Woodring moved to the area in 1969 and together they raised their family and made Sunbury their forever home. Like most people, they have hopes and wishes for the community they care so much about to do well.

Jesse served on the Sunbury Hospital Board and later the Sunbury Area Community Foundation Board. He believes creating the Community Foundation from the sale of the hospital was a perfect kind of fit – a community hospital, a community foundation. The work of the Foundation is to make investments back into the Sunbury community.

Jesse and Maxine chose to be participants in supporting the community in perpetuity which is why they established their endowed fund with the Foundation. As a former Foundation Board member, Jesse knows the thought and effort that goes into supporting the boards' efforts in reviewing grant and scholarship requests to ensure impactful investments.

"We know first-hand the good that is generated by the Foundation. We can do the simple part and contribute the money. All of the administrative work to fulfill our hopes are done by the Foundation. With a donor-advised fund, we are able to pick and choose which

charitable organizations receive our funds, which is extremely important to us," said Jesse Woodring.

"We wouldn't always know what needs exist," stated Maxine Woodring. "The Foundation helps us understand the need in the community and broadens our understanding. We've learned so much that we didn't know existed."

Through the establishment of their Jesse and Maxine Woodring Donor Advised Fund with the Foundation, they are gaining a broader perspective while including their children and family in their spirit of philanthropic giving. The Woodrings are working to build their fund so that grant impact can be greater.

Jesse said, "When you do something like this, you are creating a legacy. It doesn't have anything to do with you personally, it has to do with a certain amount of kindness and passing that on to others. What's important is for others to follow - that would be our reward."

"What's important is for others to follow – that would be our reward."

"Thanks to financial support from the Sunbury Area Health Fund, preschoolers have received individualized or small-group skill building sessions to learn and practice socially appropriate behaviors. Additionally, these children receive increased support as they interact with staff and peers in the large-group classroom setting. Summer home visiting services are available to children and families who wish to continue to work to improve these behaviors over the summer."

Dr. Kevin Singer, Executive Director,
Northumberland Area Head Start Plus

Grant Highlight

Northumberland Area Head Start GRANT FUNDS SESSIONS ON SOCIALLY APPROPRIATE BEHAVIOR

A Sunbury Area Community Foundation grant has supported Northumberland Area Head Start Plus of the Central Susquehanna Intermediate Unit. The Head Start Plus program has provided over 300 hours of service to over 50 children between the ages of 3-5 in Northumberland County.

Legacy Society Members

We thank each and every member of the Legacy Society for making a gift of a lifetime to support their community's needs. Members of the Legacy Society have the special satisfaction that comes with knowing that they are helping to make the world a better place, by providing much needed resources for our community's future. Their decision is one that will continue to make a difference in perpetuity, helping future generations to take care of those less fortunate and to ensure continued opportunities in areas such as education, the arts, health and human services, religion, and youth and children.

Creating a Legacy | MARILYN MUEHLHOF FUND

Marilyn Muehlhof, a lifelong resident of Berwick, has always been active and involved with community organizations. While serving eight consecutive Presidents of Bloomsburg University as their University Secretary, she dedicated her leisure time to community service. She's been a volunteer and past president of Berwick Business and Professional Women's Club

and the Berwick Health and Wellness Auxiliary, now known as Volunteers In Philanthropy (VIP). Marilyn is also an active leader at her church. Her professionalism and her community have always been her passion.

Anyone who has met Marilyn knows she's goal-oriented and today she is setting goals for her personal philanthropy of forever supporting community needs. To achieve her goals, Marilyn has established a planned gift through her estate to be endowed with CSCF. Marilyn has already created the Marilyn Muehlhof Designated Fund to receive her bequest, which will then permanently make grant distributions according to her designations. "It gives me peace of mind to know that the Foundation will carry out my charitable wishes the way I want them," says Marilyn.

"It gives me peace of mind to know that the Foundation will carry out my charitable wishes the way I want them."

"I believe that philanthropy is an amazing aspect of life that everyone should be able to take part in."
YiP Student

Central Susquehanna Community Foundation's Youth in Philanthropy (YiP) program provides high school students throughout the region with an opportunity to learn about philanthropy and participate in the grant making process. The YiP program focuses on philanthropy- its roots, how it is carried out today, and the importance of getting involved in the community.

Students in grades 9 through 12 apply to participate annually within their local school districts under the direction of faculty liaisons. Throughout the year, each YiP group researches school-based and community needs and strengths, while exercising their leadership and decision-making skills. YiP groups create a plan to survey and interview community members to develop criteria used to prioritize their annual \$5,000 in grant awards.

YiP members participate in a wide variety of projects throughout the school year. Specific projects include: reviewing the needs assessment of both their school and community, creating a grant application and making it available for groups and organizations to complete, providing and presenting philanthropic activities to elementary students within their local school districts, reviewing the grant applications and determining grant distribution, presenting and publicizing the awards, learning about volunteerism, and participating in a group volunteer project to culminate the year. The year ends with a regional celebration where grant recipients attend to accept their awards from each participating YiP group.

WHAT PHILANTHROPY MEANS TO YIP STUDENTS...

"Philanthropy is the selfless act of giving for the benefit of others, and the world would be a much better place if more people were involved in it."

"Philanthropy to me means giving to others what I can, when I can."

"Philanthropy is helping a person or a community on my own time. We help people by using our own skills to make someone happier in life."

YiP Grant Highlight

"The library relies on generous community donors to offer programming like the summer reading program. Through this grant provided by the students, we were able to impact the lives of young children in our community. We're thankful to the YiP students for their support of our youth programs."

Pam Simpson, Librarian, Orangeville Public Library

Orangeville Public Library GRANT FUNDS SUMMER READING PROGRAM

This past year, the Central Columbia YiP group awarded a \$800 grant to the Orangeville Public Library to fund their summer reading program for children ages 3-10 from June through August 2016. The grant funding was used to purchase books to read, books to give, and science and craft supplies. A total of 33 children were served and they had a successful program which encouraged young children to read over the summer months.

Kids enjoy activity during Orangeville Public Library Summer Reading Program.
