SPREADING THE MESSAGE OF PHILANTHROPY

What is the significance of a message in a bottle? First off, it is a form of communication in which a message is sealed in a container and released, typically into a large body of water. We know that there have been songs about messages in a bottle and movies, interesting artwork, and some tall tales about fishermen catching them. Recently I found out there are official websites where you can create your own message in a bottle, and now believe it or not, an Android App which is a new, quick way to meet people and communicate with them.

The Guinness World Records recently recognized the oldest message in a bottle ever found. It was cast into the North Sea by George Parker Bidder in 1906 and it bobbed along for 108 years, 4 months, and 18 days until Marianne Winkler, a retired postal worker on holiday on Amrum Island, one of Germany's North Frisian Islands, found it washed up on shore on April 17, 2015.

The story continues to say they saw the message inside. It read, "break the bottle". Marianne didn't because she could tell it was an old bottle, but successfully retrieved the note. It turned out to be a postcard addressed to G.P. Bidder at the Marine Biological Association in Plymouth, England, and it promised a one-shilling reward if returned. The Marine Biological Association still exists today, and they were elated to have received the postcard addressed to their former President. They actually went on ebay to purchase a shilling and sent it to Marianne.

This wasn't the only bottle he released. Between 1904 and 1906 he released thousands of bottles with postcards as part of research to map "currents" in the North Sea. The report was that approximately 55% of the bottles were returned and the experiment was considered a success.

The Staff and Board of Directors of your Community Foundation would like to spread their own message in a bottle by spreading their message of philanthropy.

We are living in tumultuous times and are reminded of that each day we turn to our electronics for information covering more topics than we can even discuss. Our community foundation represents all the goodness in the world by focusing on giving back to its community for the betterment of its people. The work we do, our mission and what each of our stakeholders represent weave together to enhance the quality of life in our local area.

First, we spread *Joy*. Our donors feel joy when they can provide gifts to area nonprofits, and scholarship

recipients. It makes a positive difference in our lives by reminding us of our own good fortune and allowing us to do something meaningful for others.

We certainly have *Hope* about the future and confidence in our capacity to influence it, which are fundamental to the philanthropic deed. After all, philanthropy is a tangible expression of hope for humanity, fueled by an individual's confidence that their action will move the world closer to a desired future. That's why nurturing hope and inspiring confidence is at the heart of every one of us.

As Americans, we are very generous people who *Love*. As such, we consistently lift up our neighbors and those in need to help them as they deal with obstacles laid before them. We have a great opportunity to make things better for our neighbors in the Central Susquehanna Region, and you can count on the Community Foundation in a collaborative effort in which you can join to make a difference.

I know you all share this sentiment—Let there be *Peace* on earth. Let each and every one of us make it our mission to stand together to create the peace in which we wish to live.

We know that the year end and the year's beginning are a time for *Reflection* for many of us. There are many examples of failed and foiled resolutions as we contemplate serious questions about what is really important. The challenge for us is to reflect on the past year and do one more good turn, one more positive deed in 2018!

And now it is your turn to spread the message of philanthropy. It is our wish for you to spread a message during this year. We hope that you can send your message in a bottle by encapsulating the message of Joy, Hope, Love, Peace, and Reflection. Thank you for your commitment to philanthropy.

INVESTING WITH WILMINGTON TRUST

The Central Susquehanna Community Foundation investments are overseen by Wilmington Trust, as part of the M&T family of companies. They provide wealth and investment management services to individuals, families, business owners, corporations, foundations and endowments. They are the 5th largest provider of family office services with more than \$78 billion in assets under management as of December 31, 2016,* and over 114 years of wealth management experience.

Wilmington Trust's two main business segments are structured to meet specific client needs.

1. *Wealth Advisory provides wealth and investment strategies to millions of individuals and families looking to grow, preserve and transfer wealth*
2. *Corporate & Institutional provides transactions, foundation, endowment management and other support services to thousands of corporate and institutional business ventures*

Wilmington's consistent, disciplined investment philosophy and service:

- Recognizes the importance of liquidity
- Actively trades in an effort to capitalize on time-sensitive opportunities
- Analyzes and projects issuer future cash flows

Core Investment Tenets

Understand how our investment tenets form the foundation of our efforts to enhance portfolios by reaping attractive, competitive returns and sidestepping common pitfalls.

Strategic Intelligence

Benefit from the deep bench of experienced research analysts and economists that powers portfolios: one-year and decade-long capital markets analysis result in our long-term asset allocations.

All-in-One Solutions Platform

Have access to both proprietary and open architecture investment options, as our mandate is to try and provide you with the very best solutions and a robust array of equity, fixed income, and nontraditional managers.

Your Tactical Portfolio

Markets and economies are fluid. To sidestep short-term challenges and capitalize on short-term opportunities while minimizing drawdown risk exposure, our Investment Committee makes tactical (9- to 12-month) asset allocation shifts in the weightings of asset classes that affect the investments in your portfolio.

Your Client Experience

Enjoy a level of personal attention and customization that is designed to meet or exceed your expectations. Know our firm's best thinking on markets and economies and how it informs our core investment narrative and portfolio positioning. Critical and monthly communications and thought leadership papers will help maintain confidence during times of uncertainty.

CSCF GRANT FUNDS SUPPORT FIRST BLOOMSBURG FAIR REGIONAL STEM COMPETITION

In partnership with Bloomsburg University's Regional STEM Education Center, Martz Technologies and the Bloomsburg Fair Association, the Central Susquehanna Community Foundation hosted the first Bloomsburg Fair Regional STEM Competition in 2017.

The theme of the competition was "Improving Pennsylvania through Water: STEM in Action". High schools across the region were eligible to compete for a \$10,000 grant to support their school district's STEM program. Each school district was allowed one team of five students. Students researched, designed and presented a project that could improve the quality of life for Pennsylvanians by incorporating water. Projects were exhibited in the Technology Building at the Bloomsburg Fair during the week of the fair, September 22-30. Students presented their projects to a panel of

distinguished judges from industries, academia and government.

Competing Schools:

- Berwick Area High School
- Bloomsburg Area High School
- Central Columbia High School
- Midd-West High School
- Montgomery Area High School
- Shikellamy High School

This year's grand prize, for the Bloomsburg Fair STEM Competition, was awarded to Midd-West High School for their project titled "Fracking to Fresh Water". Pictured from left to right are Matt Dietz, Midd-West High School Faculty Advisor and Midd-West Students Brendan Hood, Aaron Rhone, Chloe Lantz and Odiyl Alfonso.

Pictured are members of the Volunteers in Philanthropy (VIP) group with their grantee representatives from the Berwick Area School District, For the Cause and Berwick Borough Police Department. The VIP group awarded \$10,000 in grants in 2017.

AGENCY ENDOWMENT ESTABLISHED FOR BERWICK AREA YMCA

YMCA's are often the wellness core of a community by offering a place for all ages to learn, connect, and be active. There are many donors who want to invest in its future to ensure that it's here forever. In support of that idea, the Berwick YMCA Agency Endowment was created in 2017 with a donation in honor and memory of Joseph and Louise Simington. The Simington's believed in the Berwick community and made philanthropy a priority in their lives. They gave their time, talent and treasure to the community in various ways to ensure their legacy's promise.

"The YMCA has been serving Berwick for 135 years. The establishment of this fund helps to insure the Y will still be here 135 years from now, continuing to strengthen our community and allowing our residents to learn, grow and thrive." – Nick Pajovich, CEO

Gifts to the YMCA Agency Endowment Fund will help provide life-changing opportunities for children, adults, and families while strengthening the community. Friends committed to making a lasting impact on the YMCA can designate donations to this fund at the Community Foundation. In doing so, they will help to create financial health for the YMCA for years to come. And because of a long-time Berwick Health and Wellness Fund matching grant program for agency endowments, the Y's endowment fund immediately doubled.

The Community Foundation believes in endowment-building because this source of permanent capital helps organizations, like the YMCA, plan for a stable and secure future. The YMCA joins more than 25 local nonprofits who are also building endowments with the Foundation to benefit their organizations. These endowment funds provide nonprofits with a reliable, ongoing source of financial support for their annual operating budgets.

"Endowments are important financial vehicles that perpetuate the good work of our area nonprofits; it is a source of income that will grow over time with additional gifts from donors who care about its mission. The Community Foundation is always excited to support their efforts by providing excellent financial management and oversight and extending our expertise toward establishing their financial health." – Holly Morrison

Photo above of Joseph and Louise Simington. Photos to the left and below from current programs and activities available at the Berwick Area YMCA.

"The establishment of this fund helps to insure the Y will still be here 135 years from now, continuing to strengthen our community and allowing our residents to learn, grow and thrive." – Nick Pajovich, CEO

NEIGHBORS HELPING NEIGHBORS

The Neighbors Helping Neighbors Fund is just one way the Danville Area Community Foundation works with you and for you to bring peace by supporting local unmet needs. The idea behind this fund began in 2007 because of the board's desire to help others and wanting to encourage the spirit of giving in others. Through thoughtful planning, founding board member, George Leighow, chose to leave a significant inherited IRA gift to the Foundation. In doing so, he knew how much good would be done for others. Neighbors Helping Neighbors continues to grow and increase its grantmaking power each year. The fund is purposefully unrestricted to serve as a resource for unmet needs in the Danville community.

For the last 22 years, the Holiday Happenings Gala has honored outstanding citizens with the Robert N. Pursel Award for Community Service while giving the proceeds to benefit local charitable needs. In 2016, the Foundation partnered with the Holiday Happenings Committee to make an even bigger impact through the Neighbors Helping Neighbors Fund.

"As a dedicated community, we know the impact local nonprofits have supporting our friends, families and neighbors. This fund, along with other named funds of the Foundation, are doing a tremendous amount of good for this community." – Ken Holdren

BRINGING MONTOUR SENIOR CENTER INTO THE NEW AGE

The Columbia/Montour Aging Office, Inc. serves the 60-and-over population in Danville and surrounding communities. The goal of the Aging Office is to keep older adults in our communities and in their own homes by providing needed services.

The Neighbors Helping Neighbors Fund of the Danville Area Community Foundation provided a \$1,150 grant to purchase a computer system that could be used by seniors at the Montour Senior Center. Most seniors visiting the center do not have home-based computer access. The new system allows for communication to others, challenging brain games, educational purposes, and the ability to apply to online assistance programs.

A group of seniors at the Montour Senior Center, pictured above, utilize a new computer purchased through a grant from the Neighbors Helping Neighbors Fund.

"This fund, along with other named funds of the Foundation, are doing a tremendous amount of good for this community." – Ken Holdren

ROBINSON FAMILY'S...*Love* FOR COMMUNITY

Photo above of George and Doris Robinson. Pictured above right is George Robinson and his daughter, Joann Klein, during a golf tournament. Pictured below are members of the Robinson family.

"Our parents led by example and showed their children how important it is to give to others or to help others succeed." – Julie Eriksson

The Robinson family continues to strengthen their community while honoring the memory of George W. and Doris S. Robinson. Through owning and operating a family business, Kreamer Feed, the Robinsons know how important a strong and vibrant community is. Having a fund at the Community Foundation is the family's way of giving back.

In 2006, the family fund was established with the Selinsgrove Area Community Foundation to leave a positive impact on the community for generations to come. In 2017, they granted \$25,000 to ThinkBIG Pediatric Cancer Fund. Over the past several years, the fund has awarded more than \$20,000 annually in grants to serve the local needs of the community through charitable organizations including:

- Middlecreek Area Community Center
- Snyder County Coalition for Kids
- A Community Clinic
- Chester's Children's Chorus – Swarthmore College
- Snyder County 4-H Foundation
- Evangelical Community Hospital
- Snyder County Libraries
- Kreamer Fire Company – Station 120
- Susquehanna Council, Boy Scouts of America
- PA Friends of Agriculture Foundation

"Our parents instilled community service in us as children. It was just something that we grew up doing. Whether it was helping our church or 4H or supporting the local carnival by working in a stand, we knew the feeling of accomplishment in helping that group meet their financial needs. Our parents led by example and showed their children how important it is to give to others or to help others succeed. We are proud to see the third generation continue what they started." – Julie Eriksson

Generations of family, along with friends and businesses, make the annual golf tournaments a success through their volunteerism and support. The Community Foundation is honored to partner with families to create funds that will support the community for generations to come.

Your life was a blessing to all who knew and loved you. We will miss your smile and your positive good nature, but your life's work which touched so many others will go on forever. We will miss you.

"Kindness in words creates confidence. Kindness in thinking creates profoundness. Kindness in giving creates love." – Lao Tzu

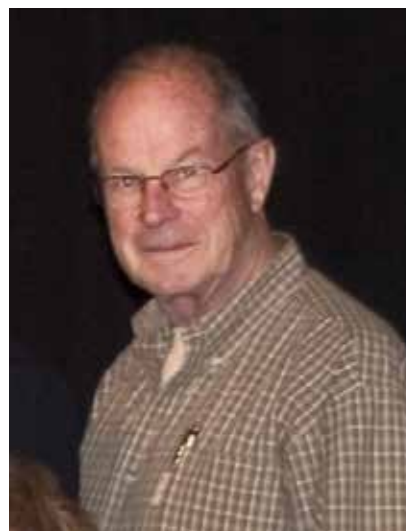

Reflection ON COMMUNITY LEADS TO A FOREVER GIFT

Our region benefits greatly through the legacy of many caring individuals and families. There are deep roots surrounding the community and the philanthropic support continues to grow thanks to thoughtful donors.

Well-known and respected, Bob Mertz will continue supporting the community for many years to come, even after his passing in 2015. Through his involvement on the Sunbury Area Community Foundation Board, Bob realized the major impact the Foundation has on its citizens. While serving on the board, he made a perpetual investment by establishing the Mertz Fund, an endowed donor advised fund. His generosity and planning led to a large estate gift to his fund which will significantly increase grant opportunities for needs in the Sunbury Area.

In settling the estate, Executor Cory Fasold, learned a lot. "Death does not eliminate community giving. Building the future and helping others can continue without your presence. Wealth is a powerful tool and when combined with kindness, your legacy of giving back can live forever." – Cory Fasold

"Wealth is a powerful tool and when combined with kindness, your legacy of giving back can live forever." – Cory Fasold

The late Bob Mertz, former Sunbury Area Community Foundation board member, whose philanthropic spirit lives on today.

SPREADING ANTLER'S CHILDREN'S FOUNDATION SWIM PROGRAM

The Sunbury Area Health Fund provides grant funding to support the Spreading Antler's Children's Foundation Swim Program.

The Swim Program serves approximately 245 second grade students in the Shikellamy School District and 75 second grade students in the Line Mountain School District. The program provides eight swimming lessons to each student in partnership with the YMCA. Students are picked up during the school day from their school and bused to their local YMCA for a 45-minute swim lesson over an eight-class period. After the class the students are transported back to their schools. There is

no cost for the students to participate and the provided transportation makes it possible for all students to participate. Funds also provide each student with a towel, a carrying bag and swimsuits for those in need.

Through the program, students become acclimated with water and develop an understanding and ability to swim. By providing students the opportunity to participate in the Swim Program they are learning a lifelong skill.

"The grant received from the Sunbury Area Community Foundation allowed the Spreading Antlers Children's Foundation Swim Program to continue and expand to include the Line Mountain School District along with the Shikellamy School District. The proceeds from the grant allow hundreds of second grade students the opportunity to experience an educational tool that they will carry with them for a lifetime. If this program saves one life from the dangers of water, it has done its job. We are very grateful for the grant funds provided by the Sunbury Area Community Foundation."

– Justin Michaels, President of Spreading Antlers Children's Foundation

Photo of Avery Michaels, second grade student in the Spreading Antlers Children's Foundation Swim Program, and Ron Marshall, Director of the YMCA.

CREATING A LEGACY

The Legacy Society recognizes and honors donors who have made plans through their estate to give back to the community through their Community Foundation. We are grateful for their foresight, dedication and philanthropic spirit. Planned giving only requires thoughtful intention to make a difference in your community, not a large income or vast estate. Members of the Legacy Society recognize the importance of making a future gift, and with their leadership, they encourage others to do so as well. Their planning today will benefit our community for generations to come.

LEGACY PLANNING BRINGS Joy

Cory and Diane Fasold have witnessed first-hand people's lives being positively affected through charitable acts. Cory served as the representative for Bob Mertz' estate which benefited the Sunbury area through many charitable donations.

"We have seen organizations prosper and communities change with generous donations. Most importantly, we have witnessed individuals with tears of joy and smiles brighter than the sun. It feels good to watch these emotions." –Diane Fasold

The Fasold's wanted to become part of this excitement and happiness in others for years to come. To fulfill that plan, Cory and Diane recently joined the Sunbury Area

Community Foundation's Legacy Society. Joining the Legacy Society is their commitment to supporting the community through estate planning.

Photo of Cory and Diane Fasold, members of the Sunbury Area Community Foundation Legacy Society.

"We have witnessed individuals with tears of joy and smiles brighter than the sun. It feels good to watch these emotions." – Diane Fasold

ESTABLISHING THE WOMEN'S GIVING CIRCLE

In 2016, a small group of women came together to discuss the idea of creating a Women's Giving Circle for the Central Susquehanna Region. These women wanted to establish a collaborative effort in which women could work together, gather contributions for hands-on involvement in awarding grants and making social investments that improve the lives of women and girls. With this mission in mind, the Women's Giving Circle, a fund of the Central Susquehanna Community Foundation, was established in 2017.

We celebrated with more than 100 women at our Fall kick-off who were inspired by keynote Mary Tiffin. Our Giving Circle continues to grow and offers membership levels as an invitation for all to participate.

The Women's Giving Circle will distribute monies raised to projects and programs that improve the lives of women and girls throughout the Central Susquehanna Region. Supported initiatives include core human values like education, self-sustainability, and confidence.

YOUTH IN PHILANTHROPY

Central Susquehanna Community Foundation's Youth in Philanthropy program, known as YiP, provides high school students across the Central Susquehanna region an opportunity to learn about philanthropy and participate in the grantmaking process. Focused on the meaning of philanthropy and the importance of getting involved, the YiP program allows students to gain experience in teamwork, assessment of community needs, building consensus, nonprofit finance and the local nonprofit world.

In partnership with faculty liaisons at local school districts, students in grades 9 through 12 volunteer to form YiP groups. Throughout the year, each group researches school-based and community needs and strengths, while exercising their leadership and decision-making skills. Contributions from generous community members allow each group to award \$5,000 annually in grants to nonprofit organizations for youth programs. Students create a plan to survey their community to develop criteria to prioritize their grant awards.

Corresponding with the academic calendar, the YiP program meets twice per year for day-long workshops hosted by the Foundation. In addition, school groups meet monthly at their school. To celebrate community impact, the YiP program hosts a grant presentation ceremony annually in April.

2017-18 YIP SLOGAN

Photos of YiP students in blue shirts were taken at the YiP Kick-off Event at the Bloomsburg YMCA in November 2017.

"Philanthropy is the selfless act of giving for the benefit of others, and the world would be a much better place if more people were involved in it..." – YiP Student
