

Investing in the health and wellness of the *community*...

& the *Greater Berwick Area*

CENTRAL SUSQUEHANNA  
COMMUNITY FOUNDATION  
For good. For ever. ®

## Join us...

Twenty years ago, the Foundation made a commitment to invest in programs and projects that improved the greater Berwick area. Join us for our annual appreciation luncheon as we celebrate the continuation of this mission and recognize your generous giving. Featured speakers will include fundholders, grantees, scholarship recipients, and board members who will reflect on the story of our Foundation and its 20-year history. Through grant investments, community initiatives and partnerships, the Berwick Health and Wellness Fund and a long list of individual and agency fundholders are making a tremendous impact in our local communities. Please join us to hear more about what the Central Susquehanna Community Foundation does for the Berwick area!
