

School Group: _____

1. **About Your Group:** Introduce your group. How many students are participating this year? How often/when does your group meet? How are decisions made amongst your group?

2. **Creating Your Needs Assessment:** What format did you use (Google Form, paper survey, interviews, etc.) & why? What **unique** questions did you ask, with your school in mind? Who did you share it with (students, staff, community members, organizations)? How many responses did you receive?

3. **Analyzing Your Results:** How did your team calculate and summarize your data? What surprised you about the results?

4. **What You've Learned:** Reflect on your group's key takeaways so far. What did you learn about your community's strengths and challenges? What did you learn about working as a team or making group decisions?

What were your **top three needs** identified in your community?

1. _____
2. _____
3. _____
